## Molitor Racing Systems

### Our philosophy

Accelerate experience.  
Experience competence.

Experience  
Erlebnis, Erfahrung

- › Racing - for us it represents unforgettable experiences whose appeal is a mixture of temptation, intuition and risk
- › Racing – racing is a competitive sport, which is a factor of success only through many years of experiences and therefore reason, rationality and safety
- › Experience – is the perfect link between our business units: Accelerate experience. Experience competence

# *Molitor Racing Systems*

## Future plans

- › One-Make Cups
  - » Although MRS stands for consequent development in high professional motorsports, we still want to follow our tradition of participating in the worlds best one-make cups.
  
- › Porsche Mobil1 Supercup
  - » Being part of international Porsche Mobil1 Supercup, our ambition is to enhance and strengthen the activities in Porsche Cup Challenges.
  
- › GT Racing
  - » Our main focus is set on being part of even more professional motorsports by participating or even being a key-player in GT leagues and long distance races (e.g. racing series as ALMS, 24h Le Mans, LMS, ADAC GT Masters, Blancpain Endurance Series, 24h-race Dubai and more)
